New macadam surfaced goal recesses (10m x 3m)</li> <li>• New 4.50m rigid panel system perimeter fencing</li> <li>• New 1.20m internal spectator fencing, creating an additional 8m x 102m warm up/sprint area</li> </ul>	
Dates	Resurfaced – June 2009	Originally Built - 1992
Specialist Builder	Dura Sport Ltd	
Refurbishment Cost	£242,000 + VAT	
Point of Interest	<p>The original construction was installed in 1992. The project in 2009 was to replace the old VHAF® NottsSward sand filled surface with a replacement high quality multi purpose synthetic grass &amp; replace the existing dangerous perimeter fencing, provide new recesses and create an internal training/sprint/warm up area by installing a 1.20m high spectator fence inside the overall pitch footprint.</p> <p>The existing Sand Envelope System® &amp; dynamic base construction has proven to last the life of 2 carpets at sites throughout the UK providing customers with a system that can be reused rather than replaced and reduce the costs of refurbishment in comparison to other performance layers and shock-pads.</p>
